DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS & PROFESSIONAL REGISTRATION Insurance Examinations Section 7.425

Budget Book Page 89

The department conducts both financial and market examinations. Financial examinations ensure insurance companies have sufficient reserves to pay consumer claims and consumer access to affordable insurance coverage. Market conduct examinations of insurance companies serve to verify that policyholders and beneficiaries receive the full benefits from the contracts they and their insurer have agreed to. The expenses of these examinations are billed to the companies examined. The costs assessed to the companies for examinations can be taken as credits against the company's premium tax payment to the state.

The Division of Credit Unions is the regulatory agency responsible for the examination, supervision, chartering, merger and liquidation of all state-chartered credit unions. The division also responds to consumer requests or complaints about credit union services or operations. The division is an accredited agency through the National Association of State Credit Union Supervisors (NASCUS), and all member deposits are insured by the National Credit Union Share Insurance Fund, administered by the National Credit Union Administration. Examinations are conducted to ensure the safety and soundness of credit unions and to ensure compliance with applicable rules, regulations and statutes. The division proactively performs off-site monitoring on an ongoing basis to assist in identifying increasing risk. Credit unions incurring problems, whether financial, operational or in compliance areas, receive increased attention which may come in the form of enforcement actions. The Division of Credit Unions currently regulates 118 credit unions with assets exceeding \$ 11.5 billion. Missouri is ranked eighth in the nation in the number of state-chartered credit unions. The examination and license fees paid by the credit unions cover the costs of operating this division.
